# The Ultra-Fab Story

From the beginning Ultra-Fab has been dedicated to putting the customer first. This is seen by our (1) always having the highest quality products as proven by our (2) always having the longest warranty, (3) providing important features that are exclusive to Ultra-Fab and (4) and by providing the best customer service in the RV and Trailering industries. With a history of providing quality products to the RV industry, Ultra-Fab is the best choice for quality products.

## The jacks and stabilization experts

We have been making power tongue jacks since the 1970s. We have the only complete line of Kingpin stabilizers. We have the only slideout supports that cannot damage the slideout. We have the only scissor jacks with double nut design and the tightest threads in the industry. We have the only tongue jacks with a 10-year warranty. In fact most of our products have a lifetime warranty.

Indicates items where Ultra-Fab has exclusive benefits or has the longest warranties available on this product type

A reminder Ultra-Fab guarantees your sales. You will never get stuck with product that doesn't sell.

## LANDING GEAR

### Independent leg operation

UF# 17-943010  
Landing Gear

Only Landing Gear  
with a  
**6-year warranty**

Only Landing Gear with  
12,000 lb. capacity (6,000  
lb. per leg) for both lifting  
& supporting

Independent leg  
operation for true  
stability

Huge 8" x 5" footpad  
to prevent sinking  
and tilting

2 powerful legs allow  
for lifting, leveling &  
stabilizing

No more shoving  
rocks under one leg

No more hand  
cranking  
**Just flip the switch**

- Total Travel 36" (21" screw travel & 17" drop leg travel)
- Overall length 36-1/2" (includes motor)
- Bracket height 36" retracted and 74" extended
- The frame clamp width 2"
- Screw travel 4" per minute

Built-in clutch  
prevents  
overextension

**Replaces most brands of landing gear with ease**

# LANDING GEAR

**UF Ultra-Fab**  
The RV Lifting, Leveling, & Stabilization Experts

## MAKING LANDING GEAR EVEN EASIER

UF# 17-940007 (Adjustable)

UF# 17-940006 (Fixed)

### Landing Gear Footpad

- Eliminate trailer sinking
- Eliminate the search for wood
- Adjustable height, allowing each leg to make great connection with the ground (17-940007)
- Extra-large 8" x 5" surface area
- Heavy-duty steel construction
- Suggest purchasing one 19-940007 (Adjustable Footpad) and one 19-940006 (Fixed Footpad) as only one side needs adjustment

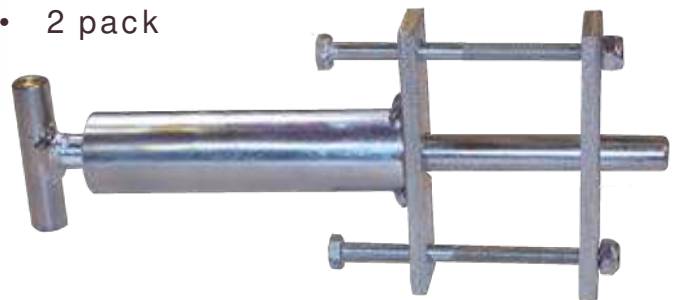

UF# 17-943031 (3/8")

UF# 17-943032 (7/16")

### Quick Pins

- Quickly adjust and lock in landing gear legs
- Spring loaded pin locks legs in place
- Easy bolt on installation
- Heavy duty zinc plated steel
- Installs in minutes
- 2 pack

**Perfect additions to your 5th wheel landing gear**

**Why sell scissor jacks without these features?**

The RV Lifting, Leveling, & Stabilization Experts

## Scissor Jacks

**Better Design  
Better Performance**

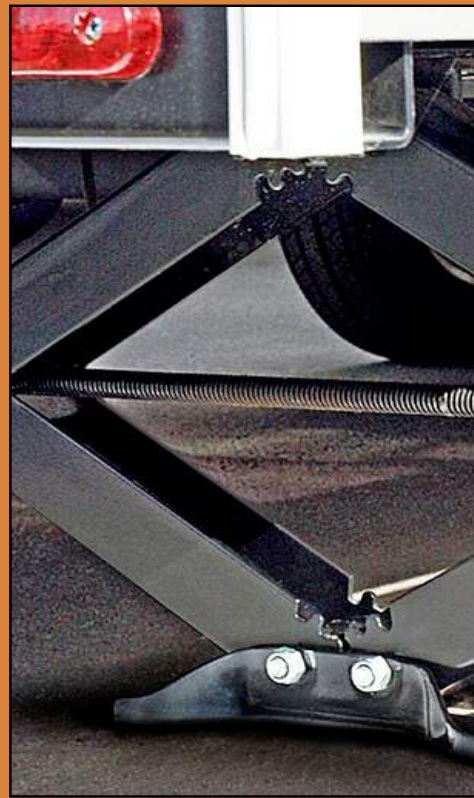

Supports &  
stabilizes up to  
6,500 lb. per jack  
26,000 lb. per trailer  
when using 4  
jacks

Bowtie design  
prevents sinking  
and improves  
stabilization

Bolt On  
or Weld On

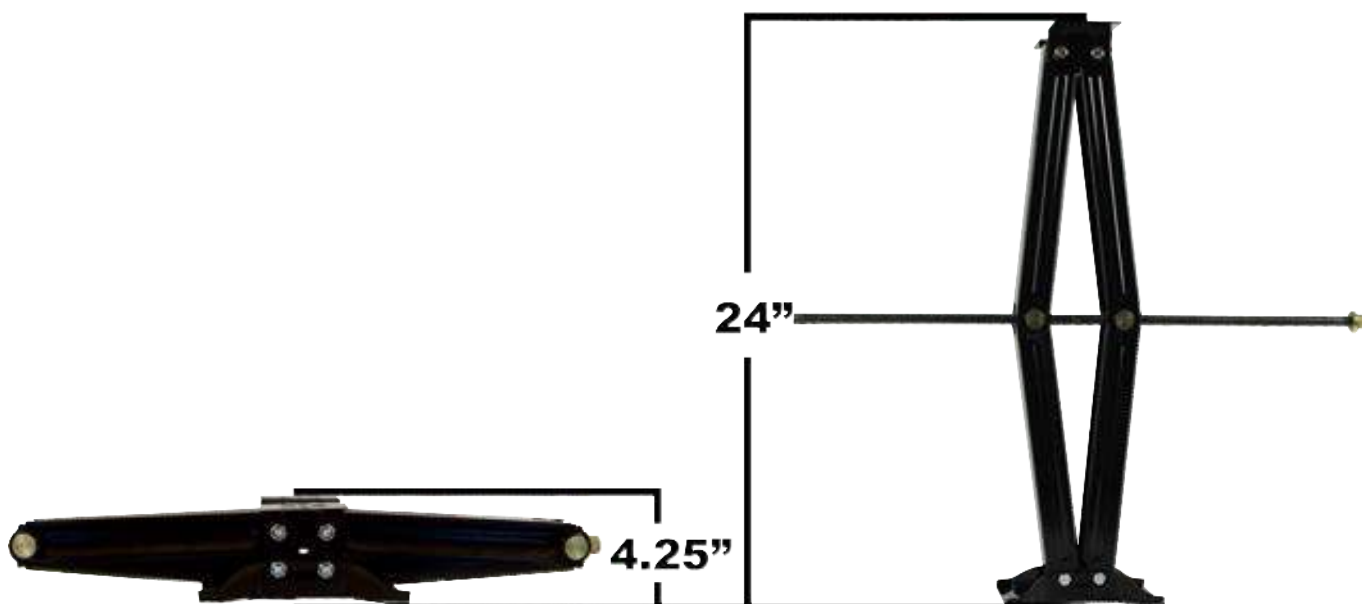

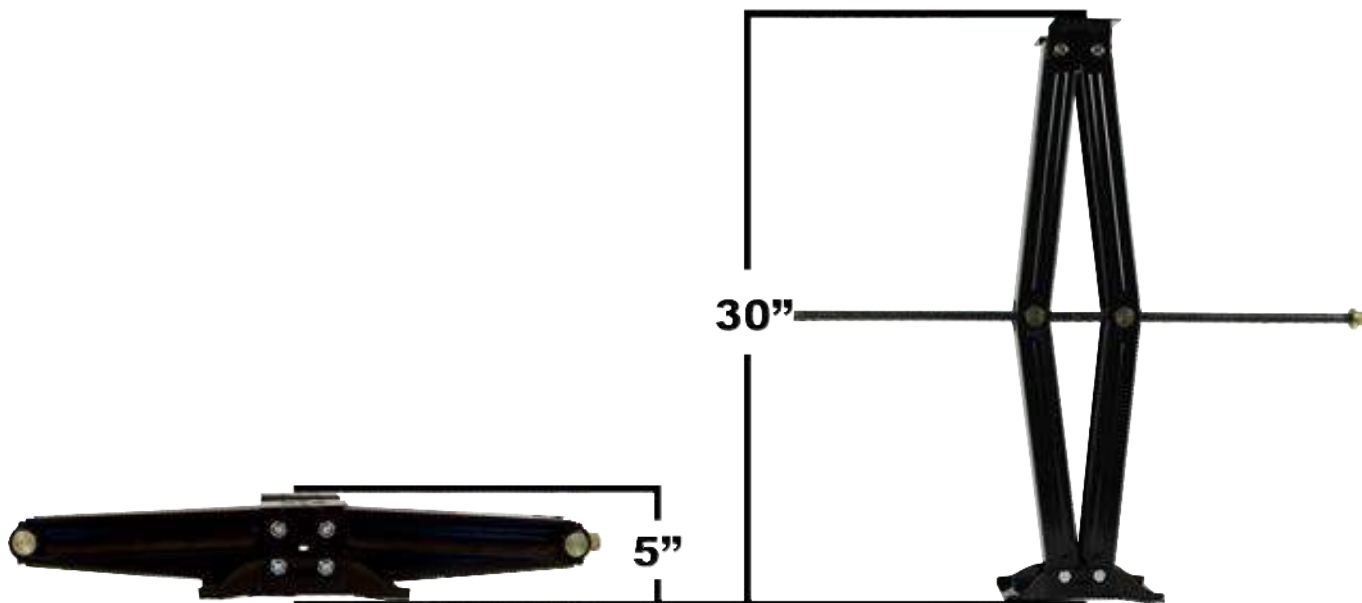

Heavier than the original,  
came with the shaft  
greased and works great.  
Very pleased with this  
product as it is better than  
the original.  
Dan V

Good Quality, much sturdier  
than OEM ones. Very  
pleased with quality.  
Steve W

My OEM units was too  
**flimsy and bent after just**  
a few seasons. These are  
solid built and I have used  
it now for several years  
with no issues.  
Ray S.

- And others

One of my biggest complaints in our camper is the movement when we walk around. Nothing we have tried has fixed that. Until now. These stabilizers took out that movement by holding the slide steady. You saw no movement outside where typically we would see the slide moving. I would highly recommend this to any camper. They are easy to use and quick to put up and take down. - Melanie

Especially with two teenagers in the RV, the weight we put on our dining room slide (which also includes our living room couch) can be excessive. This slide support is great for preventing sag and shaking. It's so quick and easy to setup, take down and store, it has turned into a must have for us when we RV. We bought more so that ALL of our slides are now stabilized! - Chris

These supports are well made, easy to use, take up little space and do wonders to dampen the rocking motion of our rig. I was able to place them under the sides of the slideout when I took the rig out last time and they really stopped a lot of the rocking motion. - D.B.

We really enjoyed these trailer slide stabilizers. They are very effective, easy to set up and take down. They are slim and collapse down so they do not take up much space in your storage areas. We recommend to all our friends. - Justin

The push button release is great because you don't have to worry about spinning it a million times to get it undone. - Amanda

We have an 80lb bulldog that can get crazy and definitely noticed a difference in the movement of camper when he gets the zoomies in a small enclosed space. We look forward to using these on all future camping trips. - Kasey

## Skid Wheels (Rigid)

- Drop forged caster provides superior strength
- Ultra strong metal wheel includes roller bearings and .25" urethane on outer edge
- Simple bolt-on installation

UF# 48-979015

**Perfect roller or skid wheel for any need**

## Skid Wheels & Rollers

### Protect your hitch

#### Hitch Mount Steel Rollers

- Prevents damage to motorhome undercarriage caused by tail dragging or digging in to the ground
- Bolts to 2-1/2" or 3" square receiver hitch tubing
- Contacts ground when motorhome would drag or dig into ground
- Heavy duty steel construction is super durable to accept the impact
- Not recommended for use on diesel pusher motorhomes due to the extreme rear-end weight of the motorhome.
- **Grease zerk fitting to maximize lifespan**
- 2 per carton
- "2.25" wheel width x 2.9375" wheel diameter, 1/4" mounting bracket
- Comes with all mounting hardware

UF# 48-979017 - Fits 2.25" hitch bars

UF# 48-979018 - Fits 3" hitch bars

No skid wheel or roller is recommended for diesel pusher motorhomes due to extreme weight in the rear of motorhome.

**In use image**

#### Receiver Mount Steel Rollers

- Heavy duty receiver protector attaches with pin and clip or with hitch lock.
- Does not require removal of ball mount or other hitch-mounted accessories.
- 2.25" Wheel Width, 2" Diameter
- Fits 2" x 2" trailer hitch receivers
- Pin hole 5/8"

UF# 48-979020

#### Skid Wheels Swivel / Hitch Mount

- Drop forged caster provides superior strength
- **Zerk fitting to maximize lifespan**
- Ultra strong metal wheel includes roller bearings and .25" urethane on outer edge
- Simple bolt-on installation

UF# 48-979014 4" Swivel

**Built to take the impact**

it with you**

## Cargo Carrier

Expand your carrying capacity by using this hitch-mounted cargo carrier. Easily carry 500#. The metal mesh platform eliminates standing water. Convenient tie-down utility holes. Fits 2" receiver hitches. 19.25" x 60"

UF# 48-979029

## Tow Dolly Tie Down Strap

Securely transport your car **on a dolly**. **Quickly fits and** adjusts to 14" to 16" tire sizes. One-piece design – no pre-assembly required. Tough, non-abrasive nylon metal hooks attaches on driver's side or passenger's side. Durable 5,000# capacity. Compatible with most tow dollies. One per package.

UF# 46-700034

## Spare Tire Carrier - Universal

Carry a spare just in case... **Easily converts from fixed to** fold-down for easy access to rear storage compartment. Bolts to 4" square bumpers only. Designed to minimize tire vibration. Includes all items for set-up and use. 60# capacity. 1-year warranty.

UF# • 15-954730

## Bike Rack

Attaches to Ultra-Fab and other brands of cargo carriers to provide a safe and stable ride for your bicycles. Rugged steel construction and durable powder coated **finish for years of reliable** service and good looks. Convenient tie-down strap included. Lightweight for easy mounting. Installs easily in just minutes.

UF# 48-979030

**Secure your cargo for peace of mind**

## Need a hitch?

### Trailer Mounted Accessory Adapter

**Used for bike and cargo carriers. Engineered to fit most recreational vehicle frames including I-beam, C-channel, and rectangular sections. Heavy duty steel construction. Durable powder-coated finish. Adjusts from 47.125" to 77". 350# tongue weight capacity.**

UF# 35-946403

### RV Bumper Receiver Adapter

Fits 4" square RV bumpers. **Durable powder-coated finish** 200# tongue weight capacity. Accepts 2" carrier tubes. Zinc plated hardware included. Not recommended for towing.

UF# 35-946401

### Universal RV Bumper Hitch

3,500# towing capacity. 350# tongue weight capacity. 2" square receiver opening. U-Bolts mount to 4" square bumpers. Easy bolt-on installation. **Durable powder coated finish.**

UF# 35-946402

**Use your hitch to allow for more storage**

# Cargo Management

**Everything you need  
for great braking!**

# How to determine the right size

## Hubs

**Step #1:** Find a brand with a 5-year warranty (like Ultra-Fab)

**Step #2: Determine weight capacity**

- Start by looking on current hub or by measuring diameter of axle and use this guide
- 1.5" or smaller: Ask for 1,000 lb. capacity
- 1.5" - 1.75": Ask for 2,000 lb. capacity
- 1.75" - 2.375": Ask for 3,500 lb. capacity
- 2.375" - 3": Ask for 6,000 lb. capacity
- 3" - 3.5": Ask for 8,000 lb. capacity
- 3.5" - 4": Ask for 9,000 lb. capacity

**Step #2: Count studs (figure 1)**

**Step #3: Determine number of studs**

- **Count number of studs (See figure #1)**
- In examples: 5 studs

**Step #4: Determine number of studs**

- Measure from center of stud to center of axle (see **figure #2**)
- **Double that figure for diameter**
- In example: 2.25" center of stud to center of axle is 4.5" diameter.

**Step #5: Determine number of studs**

- **Measure size of individual studs (See figure 3).**
- If possible, determine thread pattern (either 18 or 20 grooves per inch, most being 20)

**Step #6: Idler & Drum**

- Note if this is an idler hub (no brake) or a hub/drum (brake goes inside)

**Step #7: Put it all together**

- As an example, ask for 3,500 lb., 545 (5 for 5 studs & 45 for 4.5" diameter), 1/2" (length of bolts), 20 (thread count).
- Or, to put it together 3,500 lb., 545, 1/2" - 20.

**We guarantee you sell the product**

**No risk to you**

**Guaranteed  
Sales**

## What do we mean when we say “Guaranteed Sale”?

Simple. You will never get stuck with dead inventory from Ultra-Fab. Period. Whether you purchase individual products, planograms or displays, we guarantee you will sell the product. That's because we don't want you to take any risk when trying Ultra-Fab products. We guarantee your customers will love it. We guarantee the quality of the product. And we guarantee you will sell it.

We know what sells in the market. But we also know that no two dealerships are the same. So, if you have an Ultra-Fab SKU that doesn't sell for you within 12 months of purchase, we will gladly take it back and replace it with an item that does sell well for you. The claim does have to be made within 18 months of purchase and must be in resaleable condition, that way we can get it to a reseller that sells that product regularly and it is in acceptable condition for their customer.

What could be easier? Well, what if we paid the freight... both ways. Well, we do because we don't want you to take any risk when trying Ultra-Fab products. We guarantee your customers will love it. We guarantee the quality of the product. And we guarantee you will sell it.

**Ask our competitors why they don't guarantee the sale**

# Ultra-Store Planograms

Give us 4' and  
we give you  
more sales
