

Ultra-Fab

Tow Bar (8,000lb Capacity w/ Blue Ox Clevises)

35-946600

Designed for safe, stable, drama-free towing — because white-knuckle towing is just your rig politely begging you to make better life choices. This 8,000 lb. tow bar keeps your adventures smooth, secure, and stress-free. Real-world strength, not wishful thinking. Perfect for RV owners who want reliable, all-terrain towing performance on highways, campgrounds, dirt roads, and everywhere your wanderlust drags you. Strong enough for serious towing, lightweight enough to install without needing a protein shake first. Rust-resistant, corrosion-proof, and finished with a high-tech powder coat that stays gorgeous longer than your uncle's "vintage" tow bar ever did. Self-locking extendable legs automatically center and lock like towing magic. Extra-large non-binding handles make disconnecting a breeze. When you're done, fold the legs, latch them, and boom — it stows neatly on your motorhome. Includes heavy-duty safety cables and Blue Ox clevises for instant compatibility. Fits any standard 2" x 2" x 6" receiver. Proudly made in the USA and backed by a Lifetime Warranty — because Ultra-Fab doesn't believe in "temporary."

TOW YOUR DINGHY VEHICLE WITH CONFIDENCE: Designed for safe, stable, drama-free towing — because white-knuckle towing is just your rig politely begging you to make better life choices. This 8,000 lb. tow bar keeps your adventures smooth, secure, and stress-free.
